

Xuefan Cao

I am a Melbourne-based 2D animator currently undertaking a Master of Animation, Games and Interactivity (MAGI) at RMIT University. My practice focuses on experimental animation, visual storytelling, and pre-production art, with strengths in colour, composition, and frame-by-frame animation. I am currently seeking studio-based opportunities in animation, storyboarding, and visual development where I can contribute to a collaborative creative team.

• **Student Visa** (valid until 30 August 2026, with no work-hour limitations during vacation)
• **TFN holder**

Education

- **RMIT University, Melbourne** ---- July 2024 – June 2026 (expected)
Master of Animation, Games and Interactivity (MAGI)
- **China Academy of Art** ---- September 2014 – July 2018
Bachelor of Arts in Animation (Multimedia and Web Design)

Experience

1.Assistant Comic Artist

Jihuoculture Co., Ltd., Hangzhou, China | 2018–2022

Worked full-time on long-term webcomic serials published on Kuaikan, contributing to collaborative drawing, visual consistency, and deadline-driven production workflows.

2.Concept Art & Character Design Intern

Zhongnan Animation, Hangzhou, China | 1 month

Supported the pre-production team with concept art development and character design.

3.Freelance Illustrator / Visual Artist

Worked on independent and collaborative projects, including the CCCP (Chen Chen Chen Studio) comic project, a collaboration with fashion brand N_ONE, and the opening sequence for the independent film Legend of the Assassin. Contributed to character concept design, visual development, overall visual design, and post-production.

4.Head of Public Relations and Promotion

RMIT Arknights Fan Association | Jul 2024 – May 2025

Led promotional communication and coordinated public-facing visual materials for the student association.
